Disclaimer

The information within this map is based upon or drawn from various authoritative sources and whilst all reasonable care has been taken in the preparation of this map no warranties can be given as to its accuracy and/or no reliance should be placed upon the same without further detailed inspection and survey. The publishers cannot therefore accept any liability or responsibility for any loss or damage and indeed would be grateful to receive notification of any errors or inconsistencies. No reproduction whatsoever of this map or any part thereof is permitted without the prior consent of the copyright owners. Respect the land around the base, and do not trespass on or damage any property. Take your rubbish and litter home with you. Do not park in front of crash gates, or on the access tracks leading to them. You will almost certainly be asked move your vehicle as parking here can impede rapid access by the airfield crews to any emergency.

UK MILITARY AIRFIELDS GUIDE

Peregrine Bush

- 78 pages
- A4 (210mm x 297mm)
- Full colour

£21.99

plus Postage & packing

Key Features:

- UK location map of all military airfields
- Full coverage of 23 major operational airfields. Includes detailed airfield map, a brief description, active flying units and airfield radio frequencies
- Coverage of 29 minor military, satellite and recently closed airfields in the UK. Includes airfield map, a brief description, active flying units and radio frequencies
- List of other airfields used by the Volunteer Gliding Squadrons
- UK map of Low Fly Areas (LFAs)
- Summary of stations, squadrons and aircraft type

The first edition of UK Military Airfields Guide is a comprehensive book of military airfield establishments.

This guide has been produced for aviation enthusiasts, spotters and photographers. It includes the United Kingdom's military airfield establishments featuring full colour maps of the Royal Air Force, Royal Navy, British Army, United States Air Force and the Ministry of Defence.

This essential guide features maps of the major operational airfields with associated units with airfield radio frequencies plus maps of minor, satellite and recently closed airfields.

A brief commentary has been provided to illustrate the operator, units and activities to the airfield. Where possible a location for airfield observation and photography is provided.

Additionally a useful guide listed by number to the squadrons and units at each of the airfields featured in this publication.
